

FIP HOME TREATMENT LOG

CLEARPOINT PHARMACY'S COMPOUNDED GS-441524

Keys for successful treatment:

- Consistently medicate your cat every day
- Weigh your cat once a week and verify that the dose does not need to be increased for weight gain
- Monitor your cat's clinical symptoms and let your vet know immediately if you see new or worsening symptoms
- Check in with your vet at the recommended intervals

Week	Date Range	Weight	Dose	Appetite	Notes
