Cost: \$300 for 30 mL Suspension (Volume – based discounts are available)

\$300 for 30 Tablets (Number of tablets – based discounts are available)

\$300 for 30 Capsules (Number of capsules - based discounts are available)

- **Shipping:** Free, Canada-wide with a minimum order of 30 mL suspension, 30 tablets, or 30 capsules
- **Fulfillment:** Orders are shipped within 24 hours of receipt
- **Shelf Life:** 6 months when stored at room temperature

\*Note: You are not limited to 30 mL suspension, 30 tablets, or 30 capsules – you may order any volume of suspension, number of tablets or capsules your clinic requires.

Orders below 30 mL, 30 tablets or 30 capsules are still accepted but may incur a shipping fee.

We're thrilled to share that GS-441524 is now available in easy-to-administer Quad-Scored tablets and capsules expertly compounded for more convenience. Such new forms will offer enhanced flexibility for both veterinary clinics and pet owners alike

## QUALITY ASSURANCE

At Clearpoint, quality is embedded in every step of our compounding process. From raw material verification to final preparation, we implement robust internal quality assurance procedures to ensure accuracy, consistency, and safety in every formulation. We provide trusted compounding services to a wide variety of clinics and healthcare providers across Canada, delivering reliable medications tailored to patient needs.

Our GS-441524 is:

- Sourced from a GMP-certified licensed wholesaler, accompanied by a Certificate of Analysis
- Evaluated for quality, potency, and purity to ensure optimal therapeutic outcomes
- Prepared using validated protocols and documented quality assurance practices

In addition, we have a follow-up system in place to regularly check in with prescribing veterinarians and pet owners. This allows us to monitor how treatment is progressing, address any concerns, and provide ongoing support throughout the course of therapy.

## HOW TO PLACE AN ORDER?

**Register on our veterinary portal to create your account for a fast, convenient, and reliable ordering experience**  
**If you prefer to order by email or fax, please send your prescription to:**

✉ **Email:** [info@clearpointpharmacy.com](mailto:info@clearpointpharmacy.com)

📠 **Fax:** (289) 635-2734

**Please include the following details:**

1. Clinic name and contact information
2. Quantity required (in mL) or (in number of tablets)
3. Preferred flavor(s) if needed
4. Patient name, weight, and age (if ordered for a specific patient; otherwise, please note if for office use)

Additionally, if your clinic prefers, you may provide the pet owner with a prescription directly. They can then contact us to have it filled and shipped to their home at no additional cost, with full support from our pharmacy team throughout the process. We will also report back to the prescribing veterinarian with updates regarding the patient's treatment status and any relevant observations.

If you have any questions about dosing, treatment protocols, or would like support materials for your clinic, please don't hesitate to reach out to our pharmacy team. We'd be happy to assist you.

Warm regards,

**Clearpoint Pharmacy Team**
